Dear Parent/Carer

KS2 NUMERACY SHOW

The mathematics department is organising a visit from Quantum Theatre group who are performing a show entitled 'On the Trail of the Countback kid'. The production will take place on the afternoon of Friday 6th November, it does not affect lunch or end of school arrangements.

The production should benefit all KS2 pupils, focusing on problem solving techniques and covering concepts such as place value, number operations, the four functions, a variety of mental methods including approximation, partition and number bonds, times tables and written methods of addition and subtraction - a Maths Lesson with a difference!

To cover the costs of the visit each pupil is asked to make a voluntary contribution of £1.50. Please return your payment, together with the reply slip below, to the school office. Whilst all contributions are made on a voluntary basis, if sufficient contributions are not received we will have to cancel this exciting opportunity.

I hope that all the pupils will have an enjoyable afternoon, whilst learning lots of interesting maths.

Yours sincerely,

Miss A Anderson
Numeracy coordinator

To: School Office

PUPIL'S NAME: CLASS:
Has permission to attend the numeracy production on Friday 6th November

I enclose a voluntary contribution of £1.50 please tick (cash only)

Signed: (Parent/Guardian)
