20th November 2009

Dear Parent/Carer

Environment Day **Monday 7th December 2009**

The theme of our second Cross Curricular Day this academic year is the environment. The whole school will be working with staff to investigate issues such as climate change, sustainability and our environment.

Year 5 and Year 6 will not need to bring additional items. Year 8 pupils will be involved in a recycling activity where they will be making clothes from recycled rubbish. In order for this activity to be a success we need **year 8** to collect lots of clean rubbish such as paper, foil, plastic yoghurt pots, wrapping paper, fabric, wool, buttons, newspaper, scraps of material etc. This should be brought into school before the actual day.

Year 7 will be involved in recycling activities and will need to bring in coloured flyers and lots of newspaper. This should also be brought in before the day.

Thank you in advance for your support with this event.

Yours sincerely

G S Patrick
Assistant Headteacher
